

Shipboard Information

Hand Washing

In a confined environment such as Ventura, viruses can be easily transferred. Hand washing is a simple and effective method of reducing the risk of contamination. Please make use of the alcohol hand gel available as you enter our food service areas.

Toilet Blockages

Ventura's toilet system operates under vacuum extraction using a series of very narrow pipes. Human waste and toilet paper are the only items to be flushed down the toilets. Do not dispose of items such as wet wipes, facial tissues, hand towels, cotton wool or sanitary items into the lavatories as this will cause blockages within the system that will affect public lavatories and large numbers of cabins.

Smoking On Board

Smoking is not permitted in cabins, balconies or public areas. Designated areas of the open deck where smoking is permitted are the starboard sides of open decks 7 (Promenade), 15 (Terrace Bar & Lido) and 16 (Breakers Bar). Electronic cigarettes, including those which do not emit vapour, are not permitted in public areas but can be used in cabins, balconies and the above designated areas of the open deck. This is for the safety and comfort of our passengers, such that all areas of the ship and private balconies can be enjoyed without the effects of drifting smoke.

Meet Our Guest Jeweller

Join Naresh Dewndas our expert Guest Jeweller for a glass of bucks fizz this morning, and let him show you the entire collection of gemstone jewellery featured on board for this cruise only.

10.30am-Noon
Eternity Jewellery (Deck 7) Atrium
